

*Glass Society - free Zoom Lecture*

# Mathij van der Meulen

*40 Years building a collection:  
The Ker Amen Glass*

Tuesday 8th March, 7pm GMT, on Zoom

This will be a personal story. Along the way I would like to show you some of my favourite glasses and why they are my favourites.

Originally I collected candlesticks. But when I met my wife and she came to live with me, these depressed her. So I moved to glasses.

I had to find my way. But I came out with Venetian and Façon de Venise and the beautiful Newcastle balusters and early English glasses. I appreciate the sheer beauty of glass.

Along the way I came along the Ker Amen glass. I saw it in the V&A. And when you would have told me then that this glass would be mine, I would have said: you are mad!
